AMENDMENT

United States Patent and Trademark Office
P.O. Box 2327
Arlington, VA 22202

Dear Sir:

In the Sequence Listing:

Please delete the sequence listing and replace it with the substitute sequence listing provided herewith.

In the Specification:

At page 6, lines 2-12, please delete the first paragraph and replace it with the following new paragraph:

Figure 1 shows an alignment of LuxO with other σ^{54} dependent transcriptional activator proteins. Panel A shows an amino acid sequence comparisons between the central portion of LuxO (aa's 134-355) (SEQ ID NO:10), and five other transcriptional activator proteins that
